Have Your Say!

Could It Be You? "Following this module helped me to discern my personal calling, and the stories of those already in ministry were very encouraging."

Church of Scotland Learning "I really enjoy Learning materials and modules. There is an openness and an understated humility that I find highly commendable and is as important as the content. Keep up the good work, please."

Building Connections

The Church of Scotland Learning team has been out and about connecting with Priority Areas churches at The Big Conversation and with Central Guilds Together, hearing about what is happening in local contexts. We're always keen to connect with Presbyteries, here are some ways in which we can do that:

A conversation | connect with the team for an introductory conversation about your learning and training needs.

A 5-10-minute presentation | a short online presentation introducing Church of Scotland Learning to your Presbytery.

A 30-minute Taster Session | an online or in-person session giving people a 'taste' of Church of Scotland Learning.

A 30-90-minute Presbytery Conference workshop | an in-depth and specifically tailored workshop for your Presbytery.
